Source Code

Introduction

The source code for this course is distributed in Git

https://github.com/ChandraLingam/AmazonSageMakerCourse

For the labs, we will be using the content of the **DataLake** folder in the distribution.

If you are not familiar with Git, you can simply download the entire repository as a zip file

Download Zip

1. From your browser, open the page
   https://github.com/ChandraLingam/AmazonSageMakerCourse

2. Select **Clone or Download** and Choose **Download Zip**
